## *Gifts That Make An Impact!*

*Since 2007, our Gift Catalog has provided friends of Mission Impact a tangible way to improve the lives of Guatemalan children, adults, and their communities through various projects such as clean water, health and nutrition, Christian education, evangelism/discipleship, and pastoral training.*

*Sometimes the gift is as small as a daily glass of soymilk for school girls, and sometimes it's as big as training leaders and pastors who can be bridges of God's reconciliation and redemption between community factions that were in a civil war with each other for decades.*

*A small donation of \$35, the cost of going to a movie with a few friends, can provide a family with a bio-sand water filter that dispenses clean drinking water and protects families from stomach parasites and other infections for generations to come. Such a gift can also serve as an opening to share God's love.*

*Through this catalog, you can easily select a Christmas gift in honor of a loved one. If you would like to celebrate the birthday, anniversary, or life of someone special in a meaningful way by supporting one of the projects listed in this catalog, Mission Impact will mail you a card to send to that friend or family member.*

*Thank you in advance for considering this partnership with Mission Impact and the families of Guatemala!*

*Warmly in Christ~*

*Jeff Sprecher*

## The Gift of Sight

*Eye exams and a pair of vision correcting glasses enable students to better see the classroom, whiteboard, and read their textbooks, to better understand what is being taught. Your gift helps a student with vision problems get a professional eye exam and a pair of new glasses. Sometimes these glasses cost up to \$350, depending on the type of lens prescribed.*

Suggested Gift: **\$50**

# *The Gift of Educating a Child*

*Sowing Hope Child Sponsorship Program is a practical way you can offer hope and a brighter future to a child in need of a holistic education. Sponsorship enables children from villages to attend school and receive a quality education based on the Word of God, and creates a personal relationship between you and your sponsored child.*

*You will receive an information packet with a biography and photo of your student and quarterly updates. We ask for a minimum commitment of one year. We encourage you to continue your sponsorship for as long as the child attends school.*

*Sponsor a child:*

**\$38** *per month or*

**\$456** *per year*

# Build a Fuel-Efficient Stove

*Many Guatemala village women suffer from respiratory and eye problems due to cooking over an open fire on their kitchen floor. For a gift of \$35, a safe and healthier cooking stove can be built. This stove is fuel-efficient, elevated, and the smoke from the burning wood is vented outside, thereby improving the quality of the air inside the home. The family brings some of the materials, which encourages ownership and participation.*

Suggested Gift: **\$35**

## Train Rural Pastors

*Help equip rural pastors in Guatemala as they study God's Word and learn how to shepherd their local congregations. Your donation will make it possible for trained teachers to travel to isolated areas where they provide monthly Bible and theology classes in their native Mayan languages.*

*Suggested Gift: \$50*

## *Build a Clinic/Hospital*

*Poverty and inequality of both income and access to healthcare are among the structural problems Guatemala faces. A gift of \$100 will buy block and mortar for the clinic/hospital building project on the outskirts of Sumpango.*

*Suggested Gift: \$100*

# Family Health Checkup

*An entire rural family can receive a basic medical examination and laboratory tests for \$40. These medical visits help detect health conditions that, if left untreated, could become very serious. Our desire is to provide quality medical care to rural families in need.*

*Suggested Gift: \$40*

# Growing Healthy Young Girls

*A daily glass of protein-rich soymilk and a supplemental vitamin are two ways Próximos Pasos School is able to impact the normal physiological development of their students. This higher level of nutrition greatly improves the girls' ability to learn and comprehend their classroom subjects. Your gift will enable us to continue to provide soymilk and vitamins for our students.*

*Suggested Gift: \$25*

# Weaving Class Supplies

*A gift of \$40 will assist in the purchase of colorful threads and other necessary supplies for weaving classes for women from rural villages in the Ixcán area of Guatemala. These weaving classes include Bible study and prayer time, an encouragement for the women in their spiritual growth.*

*Suggested Gift: \$40*

# Youth Discipleship Material

*Guatemala's youth are hungry for the Word of God! Throughout Mission Impact ministries there is a need for discipleship materials and Bibles. These resources help young people come to know Christ and grow in their relationship with Him and obedience to His Word.*

*Suggested Gift: \$30*

## *The Gift of Clean Drinking Water*

*Give the gift of clean water to a family living in a rural village! Your gift will allow a family to build and install a Bio-Sand Water Filter in their own home. This filter prevents gastrointestinal infections by biologically treating drinking water prior to consumption. A portion of your gift covers home follow-up visits and training by qualified water technicians.*

*Suggested Gift: \$35*

## Soccer Ball

*Soccer is the favorite pastime for Guatemalan children during recess and after school. Most families can't afford a real soccer ball, so the children will use anything they can kick around. Your gift of \$12 will provide a child with a new soccer ball and the enjoyment that comes with it.*

*Suggested Gift: \$12*

## Children's Bible

*You can share the gift of God's Word with a donation of \$15. This will provide an illustrated Bible that will help children grow in their understanding of God and His promises.*
